

Shiv 
Kailasa
The peak of happy living

A PROJECT BY

OM SHIVAM BUILDCON PVT. LTD.

When you see it first, it's only a house. But then you start imagining. You mentally fill the corners and spaces with your possessions: the sofa in the living room with the gorgeous view, the old book case by that wall over there, the Godrej ki almaari tucked into the big bedroom.

And that's when you know.

You picture your kids sprawled across the floor in their cosy room, drawing the usual "happy family" picture. You can almost hear the laughter as they chase each other around in the gardens outside.

And that's when you know.

In the light-filled kitchen, you can almost see stocked shelves, almost smell the lingering aroma from the spice jars, almost taste the Sunday feast.

And that's when you know.

You wander out to the balcony and see yourself sipping tea while taking in the sunrise. Or, you have a vision of secretly feeling proud as you catch your friends getting a tiny bit jealous looking at your home. Ahh, did you notice?

You just called this place - yes! - your home.

And that's when you really know.

Central India's leading property developers, **Kapse Brothers** of **Om Shivam Buildcon**, bring you their - and this emerging city's - most ambitious project till date. Visit the Shiv Kailasa site near MIHAN. We'll be happy to show you around the wide range of offerings, one of which to make your own.

Come take a look. And when you do, we promise you, you'll just know.

Because Shiv Kailasa is much more than a house and, dare we say, even more than a home.

It is the peak of happy living.
